Cyan® Labs

WASHROOM SOLUTIONS BROCHURE

Certificación ISO 9001
Cert. No. 35847

Within the sanitary industry, and practically anywhere, it is well known dirty restrooms have a huge impact on the consumers' perception of a business. In order to avoid this negative impact, businesses must make sure to maintain their restrooms clean, smelling fresh and well stocked at all times.

Aid your customers in keeping restrooms in optimal conditions at the best cost while increasing your company's brand positioning. Create your own line of washroom solutions today.

With our state-of-the-art manufacturing facility, Cyan® Labs can manufacture your branded hand soaps⁽¹⁾ and sanitizers⁽²⁾ as well as your odor control formulas⁽⁴⁾ with the highest quality standards.

Products can be manufactured according to your specifications or we also offer our own formulas that could be packaged under your company's private label image.

Hand Sanitizers⁽²⁾

Hand Soaps⁽¹⁾

Cyan® Labs offers you the flexibility to fill and package a wide variety of containers to match your dispensing systems.

Additionally we offer our cost effective Novux Soap Dispensers⁽³⁾ as well as an automatic Odor Control System⁽⁴⁾ which may also be customized to match your private label specifications.*

Novux Hand Soap Dispensers⁽³⁾

Odor Control Dripping System & Formulas⁽³⁾

Allow us to become your strategic partners in manufacturing your own line of washroom solutions.
